EXPLAIN CYBERSECURITY WITH AN APERITIF

## AUTOMOTIVE AND BEYOND: THE SECURITY OF EMBEDDED SYSTEMS AND IOTS

13<sup>th</sup> SEMINAR

JUN  
05  
4.00 pm

Aula R1  
Politecnico di Torino

### Luca Ferrua

Got his master's degree in Telematics and Telecommunication Engineering at Politecnico of Turin. He is a Senior Manager with more than 15 years of automotive experience in the design and development of automotive electronics, telematics and exterior lighting components. In his career, he has worked for different Tier1 suppliers, covering different roles from technical development leading to program management in an international environment. As a supplier, he had the opportunity to cooperate with several OEMs, becoming familiar with different Research & Development organizations, procedures and mindsets, consolidating his automotive culture.
